## At the Theatres

### THE AUDITORIUM

With the marriage of a prominent couple belonging to the ranks of the Knights and Ladies of Honor at the Auditorium picture show and dance pavilion last night added interest in local circles of the city has been evident in the Auditorium. The pictures for tonight are "The Last Leaf" and the "White City."

### COLCORD GARDEN

A welcome offering is being presented at this art free theater. Six reels of intensely interesting pictures and the favorite Sextette ensemble to make the Colcord Garden one of the most attractive resorts in town.

### THE LYRIC

Chaplin holds the center of the Ok

lahoma City movie spotlight the latter half of this week. "The Bank" is the title of his latest combat caper. To accommodate the business men Manager Shoupoulo is conducting a series of noonday matinees. The Chaplin picture begins promptly at 12:30 and runs until one. Ben Turpin, a long time assistant to Charles Chaplin, appears on the same program with Chaplin in a new comedy, "The Messenger Boy." This is Turpin's first appearance in the dignity of star. "Nap" the famous educated chimpanzee, is headlining the three act vaudeville.

### THE EMPRESS

One of the classiest vaudeville acts of the season is that of Mack and Williams, vaudeville novelty dancers, who appear on the new bill opening today at the Empress. The special features of the act is their original staircase dance. For Friday the management announces it has been able to secure a four reel hand-colored picture, "Traders to Their King," produced by the

Pathé company. Blanche Street, the favorite among America's younger motion picture stars, appears for the first time tonight in the Linsky feature, "The Cage."

### THE FOLLY

Cissy Madison, in a "Fiery Introduction," two reel Gold Seal production is the artist Folly attraction for Thursday and Friday. Three other reels of first run pictures are also offered. New vaudeville begins with the Thursday afternoon, offering Sister and Finch in fifteen minutes of divorce fun. Female impersonations and a phonograph is the trend of their act.

### BELLE ISLE

The program for the free moving picture show at Belle Isle tonight is an all comedy program of three single reels. It includes "The Woman Hitler's Baby," "Mutiny," and "Little Mr. Fixer." Sunday evening there will be a free illuminated balloon ascension.

## NINE DAY CAMP FOR BOY SCOUTS

Troop 7 Decides to Go to North Canadian Redevous—\$4 Total Expenses for Each Member

WHEN the question of a summer camp came up for consideration before Troop 7 Boy Scouts of America, with headquarters in Pilgrim church, at the corner of Noble and Harvey, a vote was taken to find out whether the troop, as a whole, should go to Medline Park with the rest of the Scouts, or try to go some place else where it would not cost so much money. The result of the vote was that the boys decided to camp on the North Canadian River about four miles west of Yukon, where the Purcell Creek empties into the river.

The boys expect to leave about 23 strong on the 20th of this month for a nine-day camp. The expense per boy will be \$4.00 including transportation. Practically one-half of the money was raised by selling Curtis Publishing Company publications and in many individual cases, the balance by selling afternoon papers on the street.

Scout Masters S. M. Arnone, municipal court, Clark and L. J. Buells, will have general supervision of the camp. Roy Mendor will have charge of all drills and then Conner as assistant scout master, will have charge of scout tests and contests. Horace Gilligan, high school student, will have charge of athletic work, while Thomas Rose is to have supervision of the camp.

List of the boys who will go: Richard Showell, patrol leader; Bruce Walker, patrol leader; Cecil Baldwin, patrol leader; Everett Crimone, trumpet; Cecil Keeton, flag bearer; Alton Linnet, Albert Linnet, Earl Fraiser, Boles Frasier, Harold Armor, Carl Laumann, George Griffith, Carl Flanary, George Minnick; Edwin Counts, Ben Patrick, Henry Clough, Miller, Harry Davis, Irwin Mason, Alvin Mason, Glenn Bullis, Adrian Edgecomb, Henry Pritchard.

GAULT'S ESTIMATE

Head of State Board of Agriculture Thinks Corn Crop Will Not Be in Excess of 85,000,000 Bushels

Notwithstanding the federal agricultural department has estimated Oklahoma's corn production this season in excess of 100,000,000, I am estimating it at only 80,000,000 to 85,000,000," said F. M. Gault, president of the state board of agriculture this morning.

"But it will be big enough at that," he added, "and you can see prosperity in the attitude, action and speech of every farmer, stockman, banker and merchant in the state. You can see it on the street. The attendance at the circus here the other day showed which way the wind is blowing. I understand that 18,000 persons attended the circus at Woodward and at every other point in its itinerary to the state."

MADE 20 LOANS

At Executive Session of School Land Commission Farm Loans Made Amounting to About \$30,000

Farm loans to the amount of about \$30,000 were made by the state school land commission, which met in executive session at 11 o'clock this morning. There were about twenty loans made. The claims of the upenders also were ruled and allowed.

Members present at the meeting were Gov. R. L. Williams, F. M. Gault and J. L. Lyon. H. H. Wilson, though in the building did not attend the meeting. Auditor Howard, another member of the commission, was away on a western vacation trip.

Attorney W. A. Ledbetter secured from the board a transfer of an oil land house from W. H. Henry to the Petrol-o-plex oil company, a new company that secured its charter yesterday.

GUM CHEWER HUMBLED

Attorney Makes Witness Disgorge Cod and Articulate Plainly

"Will you please take that gum out of your mouth so I can understand you?" thundered Attorney E. G. McAdams at a witness in District Court. John W. Hayson's court. Thursday morning. Said witness, whose name was T. Davis, and who was the plaintiff in a suit against John Williamson, quickly complied and thereafter desisted from making the flippancy which had marked his testimony.

According to the petition Williamson was sued for the removal of an oil land house from W. H. Henry to the Petrol-o-plex oil company, a new company that secured its charter yesterday.

At Blackwell: The present production in the Blackwell oil field will be limited for at least four months, until the wells are drilled at the present time are more than two hundred feet apart, and twenty-five feet apart in them. The reason for this is that there was practically nothing doing in the field until the Alberta well was put in as a producer. Since then a number of holes have been started but it will take them not less than one hundred and probably over two hundred and twenty-five to go to the Blackwell and which the producer in this field.

Frankie Heile is drilling the Spangler well, well on the Hester 80, and Tuesday was 175 feet and drilling. Heile has done most of the drilling in this section to date.

The W. H. Jones company has let the drilling for the new wells the Hester and Wessons places to O'Rourke and son of Tulsa. They are digging up at the present time. The Wessons location made by the Jones company has been let to A. C. Merriam of Wichita Falls, Texas. All these locations are within 800 feet of the Alberta well.

A. M. Marks of the Gyarr Oil company has leased two quarters three miles south of production. They are the Elmer quarters the southwest of 29-29-28-1s and the northeast of 28-29-29-2s.

This is the third lease taken up by the Gyarr company.

William F. Freudenthal, the Charles W. W. Va. operator who owns some extensive properties south of the Alberta well, had a geologist in the field for the past few days and has decided to make

ORDINANCE REGULATES GAS

Five Chief Ross Brooks and Commissioner Highley were examining the provisions of the proposed gasoline ordinance today, prior to presenting for passage to the city commissioners at their next regular meeting. The ordinance has been drawn up by the underwriters of Oklahoma City, and relates to the handling and disposal of gasoline in all the places where the inflammable liquid is sold or used. The ordinance will provide for a suitable container for the gasoline, and will set a limit on the amount which the different firms may have on hand at one time.

Cleaning and pressing establishments are the ones at whom the ordinance is directly aimed, as at present no standard precautionary measures regarding the handling of gasoline in these places are in force.
